

CARDHOLDER USER GUIDE

SHAZAM BOLT\$ is a fraud transaction alerting, balance monitoring and ATM locator application.

ENROLL

Download SHAZAM BOLT\$ for free from the Apple App Store, Google Play or log into bolts.shazam.net and enter your full card number to determine if your card is eligible.

Accept product terms and conditions, and proceed with the card verification process. Depending on the setup with your financial institution, you'll enter some additional card information as well as your PIN or Social Security number. Finally, create your username, password and user profile.

Note: Passwords must contain at least one capital letter, one lowercase letter, one number, one special character (!, @, #, \$, %, &, or *) and be 5 to 32 characters in length. You're required to change your password every 90 days.

Once you're logged in it's really easy to add an additional card, just tap the **Add Card** button and follow the same prompts for registration. Accept the terms and conditions and verify the card.

ACTIVATE ALERTS

Once logged in, you'll see your balances. Tap on the **Card Actions** button. Tap on the **Modify Alert Settings** button.

In the Modify Alert Settings tab, you may update the following settings:

- Transaction amount alerts (set amount threshold)
- Internet and phone transaction alerts
- International transaction alerts
- Enter a secondary email address to be used for transaction-level alerts

Note: The Suspected Fraud Alerts setting is configured by your financial institution. The SHAZAM BOLT\$ Notifications setting is not optional and indicates SHAZAM BOLT\$ will send email notifications to you whenever your user profile is edited.
